Omega Series Clean Room Vacuum

Atrix Introduces their new HEPA and ULPA Clean room vacuums.

Exceeds Class 100,000
ESD safe
EMI & RFI suppression
Less than 70dB

Ideal for:

- Board handling
- Equipment assembly

The Omega Series Clean Room vacuums come standard with a true HEPA cartridge filter (or optional ULPA cartridge filter), 10' ESD safe hose, 16" ESD safe rubber flexible gooseneck, HEPA exhaust filter and power cord to clean sensitive manufacturing equipment, electronics, cabinets, computers...

With the standard non-ESD safe 5.5" utility nozzle, larger areas such as floors, raised floors, and tabletops can be cleaned. All accessories store conveniently in cover.

In addition, these Clean Room vacuums are EMI/RFI filtered, so they are perfectly safe to be used in and around electronic equipment.

Vacuum Models	Part Number
Omega Clean Room **HEPA** 120 volt	VACOMEGASECRH
Omega Clean Room **ULPA** 120 volt	VACOMEGASECRU
